## Offer

### SOLUTIONS FOR TIME CRITICAL AND TEMPERATURE SENSITIVE SHIPMENTS

Last year we completed over 400,000 domestic and international temperature controlled consignments each of them containing life saving, life preserving or life enhancing products.

PDP Couriers is at the forefront of regulatory knowledge and has the ability to respond to the challenging requirements of international logistics in emerging markets across the globe.

PDP has over 20 years experience in the transportation of healthcare related time critical and temperature sensitive shipments. These include Analytical Compounds, Active Pharmaceutical

Ingredients, Biomarkers, Biological Samples, cord blood and blood related products, investigational Medicines, vaccines and commercial products.
