Bilateral Meetings

- Thursday (1:30pm - 6:00pm)

Description

3D LifePrints provides specialist 3D printing and scanning services in four Sectors: Surgical, Prosthetics, Teaching & Academic Research and Mine Risk Education (MRE).

3DLifePrints has quickly become a UK leader in the provision of 3D printed anatomical models for surgical and educational purposes. It has developed one of the world's most advanced 3D printed prosthetics. 3DLifePrints is set to become the global supplier of 3D printed replica landmines and ordnance to the United Nations for Mine Risk Education purposes.
